

We Belong uses Individual After School Plans that are crafted in collaboration with the student's family and other support systems to respect their unique culture, aspirations, and passions.

Our student-to-staff ratio of 1:1 or 1:2 guarantees that each student gets the necessary attention and support to participate in program activities safely, based on their comfort level and ability.

Our customized curriculum and setting offer students tailored support such as visual, physical, and schedule aids. These resources are designed to enhance students' strengths and minimize sensory overload. It's all about boosting strengths and dialing down the noise for a smooth learning ride!
